APPLICATION RATES

(Seek agronomic advice for crop specific rates)

Typical Application Rates (At Planting, Directed Soil Spray):

A comprehensive product brochure for AquaLIME 38 can be downloaded from www.sltec.com.au. Please refer to the brochure for application rates and speak to a SLTEC or dealer agronomist for further information and advice.

GUIDING PRINCIPLES

Before using AquaLIME 38, seek appropriate agronomic advice via SLTEC's Balanced Agronomy services and dealer agronomist network.

Soil analysis combined with plant tissue (or SAP) analysis are recommended to assist in making an informed decision about which product best meets your crop, soil and general environmental conditions.

Fertilizer can burn and or damage crops and pasture. Because climatic and soil conditions, application methods, irrigation and management practices are beyond the control of Sustainable Liquid Technology Pty Ltd and cannot be foreseen, Sustainable Liquid Technology Pty Ltd accepts no responsibility whatsoever for any commercial damage, loss or other result following the use of this product, whether used in accordance with directions or not, subject to any overriding statutory provision and provided that such liability under those provisionsshall be limited to the replacement of the goods as supplied or the rendering again of the services that are provided.

The buyer accepts and uses this product subject to these conditions.

PRODUCT INFORMATION

PRODUCT STORAGE

Keep material in a cool, dry, well ventilated area, away from direct sunlight, between 10 to 30°c. Store product in suitable containers made from material such as stainless steel, high density polyethylene and fibreglass. Fluid fertilizers can be corrosive to material such as brass, copper, zinc or alloys of these metals. Clean equipment after use thoroughly with clean fresh water. Use SLTEC's Fert Tank Cleaner to rinse fertilizer tanks and transfer systems. AquaLIME 38 is recommended for use within 12 months from dispatch date.

WARNING & SAFETY INFORMATION

WARNING: Do not swallow. The spray from this product may act as an irritant. Avoid inhalation and contact with the eyes and skin. Wear rubber gloves and appropriate eye protection when handling the product. See the product SDS for more information, *sltec.com.au*
